THIS SOFTWARE SUPPORT ADDENDUM is entered into by and between **Integrated Computer Systems Inc.**, located at **3499 FM 1461, McKinney, Texas 75071**, hereafter referred to as **ICS**; and **Collin County**, with its principal location at **Collin County Courthouse, 2300 Bloomsdale Rd. McKinney, Texas 75071**, hereinafter referred to as **LICENSEE** or **CUSTOMER**.

A. On **10 / 27 / 93**, ICS and CUSTOMER entered into an agreement entitled "GENERAL TERMS AND CONDITIONS" hereinafter referred to as the Agreement.

B. Pursuant to the Agreement, incorporated herein by reference for all purposes, and the terms and conditions of this Addendum which are contained on the front and reverse sides of this page, Customer agrees to purchase support for the following items from ICS:

ITEM NUMBER	DESCRIPTION	AUTHORIZED USERS	QTY	UNIT PRICE	DISCOUNT AMOUNT
	Citation Processes				
TICKETWRITER API-H	Ticket Writer Host Interface: A web service API that will accept citation information from the TWV (ticket writer vendor) returns the unit's current CFS number to TWV. TWV will retrieve the current call for service number and insert it into the citation data. TWV will capture citation information in the field and transmit that information to ICS's web service. ICS will process information posted to the ICS web service: Look up the name, vehicle and address in ICS's master index database. If name, vehicle or address doesn't exist, add a new record. If name, vehicle or address does exist, utilize that unique identifier (handle). If any codes do not match insert anyway. Write the citation information to the ICS Citation table (including the lat/long), Create a citation verification error report (invalid codes, etc.). (requires ticket writer vendor software) (other TW API's are available)	1	1	\$14,000	\$14,000
TICKETWRITER	Ticket Writer Client API License	1	15	\$250	\$3,750
TICKETWRITER	Ticket Writer Host Racial Profiling API Interface: A web service API that will accept RAP information from the TWV, return a unit's current CFS number to the TWV. TWV will retrieve the current call for service number and insert it into the RAP data. TWV will capture RAP information in the field from the hand held device and transmit that information to ICS's web service. ICS will process information posted to the ICS web service: If any codes do not match insert anyway. Write the information to the ICS Racial Profile table, Create a RAP verification error report (invalid codes, etc.). (requires ticket writer vendor software)	1	1	\$14,000	\$14,000
TICKETWRITER	Ticket Writer Client Racial Profiling API License	1	15	\$250	\$3,750
TICKETWRITER	Ticket Writer TLETS Host Interface: A web service API that will accept vehicle and person information. The TWV will capture vehicle and person information in the field and transmit information to ICS's web service (an inquiry handle will be returned). ICS will process information posted to the ICS web service: Look up the name and vehicle in ICS's Master name Index. Write the information to the ICS Inquiry table (including the lat/long and user PID). Write the TLETS/NCIC return to the NCIC Return table, Search the local ICS Law Records db for that vehicle or name and write all transactions to the NCIC Return table. Submit an NCIC query and write all returns to the NCIC Return table, return all NCIC/TLETS/ICS query results to the TWV, TWV will submit a request for NCIC/TLETS/ICS Records return information and pass back the inquiry handle and all unsent replies will be returned. (requires ticket writer vendor software)	1	1	\$14,000	\$14,000
TICKETWRITER	Ticket Writer TLETS Client API License	1	15	\$250	\$3,750

SOFTWARE LICENSE ADDENDUM

TICKETWRITER	Ticket Writer Towing System Host Interface: A web service API that will accept towing data information. The TWV will capture vehicle, person and towing data information in the field and transmit information to ICS's web service. ICS will process information posted to the ICS web service: Look up the name and vehicle in ICS's Master Name Index. Write the information to the ICS Inquiry table. Search the local ICS Law Records db for that vehicle or name and write all towing report data to the ICS Towing System module.	1	1	\$14,000	\$14,000
TICKETWRITER	Ticket Writer Towing Client API License	1	15	\$250	\$3,750
TICKETWRITER	Ticket Writer Criminal Trespass System Host Interface: A web service API that will accept trespassing data information. The TWV will capture person trespassing and premise location information in the field and transmit information to ICS's web service. ICS will process information posted to the ICS web service: Look up the name and premise in ICS's Master Name Index and premise file. Write the information to the ICS Inquiry table. Search the local ICS Law Records db for that name and write trespass data to the ICS Master Name Index and the premise alert file.	1	1	\$14,000	\$14,000
TICKETWRITER	Ticket Writer Trespass Client API License	1	15	\$250	\$3,750
	County IIS Server. ICS will assist the county with the installation of the API on the				
	Installation, Implementation Services, Training	1	8	\$265.00	\$2,120.00

NOTES: (1) All additional ICS services will be provided at ICS current rates . Quote valid for 180 days.
 (2) Software maintenance is for level III support. Annual support fees may or may not increase if the above software requires modification.
 (3) All services quoted will be provided during regular business hours.
 (4) Customer will have (30) days from API installation date to test the interface. After 30 days the interface installation and testing will be considered complete and all other services will be chargeable on a T&M basis.
 (5) ICS pricing does not reflect any costs from Brazos Technologies, Tyler Technologies, County hardware/software, IIS Server, Wireless service etc.
 (6) The above quote is for the Brazos citation module integration only. Additional Brazos module Integration will be Chargeable.
